**A city council seat is not a prize won in an election or a stepping stone to another elected position. It is a responsibility placed on a person when elected to the position.**

**It has been a responsibility I have taken very seriously and have fulfilled to the best ability God gave me.**

**I have served with three mayors and several different groups of councilors. I have seen three fellow councilors die in office. My father also served as a member of this council on two different occasions and I know he was proud of me for serving as well.**

**I now thank the Mayor, my fellow councilors, the city attorney and the city employees; who are the greatest resource this city has. I especially thank the citizens of our great city who entrusted me to serve them for 15 successful years. Good luck in the future and may God Bless our city.**
